

STEM Student Resource Fair

Students, staff, and faculty will learn about services, resources, and student organizations in the College of Arts & Sciences, College of Engineering, and College of Food, Agricultural & Environmental Sciences.

Additionally, various departments across the university will be present to connect these students with campus resources that are essential to their academic success, scholarly achievement, and professional growth. These include:

- Multicultural Center
- Office of Diversity and Inclusion
- Research Commons
- Second Year Transformational Experience Program
- Study Abroad
- Summer Research Opportunities Program
- Undergraduate Fellowship Office
- Undergraduate Research Office
- University Libraries
- Writing Center
- Younkin Success Center

January 21, 2015 – 5:30-7:30 PM

Resource Fair - MLK Lounge, Hale Hall

Concurrent Information Sessions - 110A, Hale Hall

During the Resource Fair, several campus departments will offer 10 minute information sessions spotlighting resources and services in their department.

This event is open to all students, staff, and faculty, but we ask that students please visit

<http://go.osu.edu/STEMresourcefair> to register.
