

You deserve a great career.

# Pathways to the Workforce

August 16–18, 2020  
UC Santa Barbara

## Transforming your education into impact

Many people spend years of their careers developing professional skills on their own.

**Pathways to the Workforce** guides you through these skills early, so you can accelerate into your career creating accessible, innovative technology.

Our hands-on workshop, hosted by *UC Santa Barbara*, teaches you the skills you need to succeed in your transition from school to your career.

*Students and post-docs with an interest in Materials Science are encouraged to apply!*

### Networking

Learn how to network with purpose and build relationships with self-made entrepreneurs and representatives from industry and academia.

### Skill-Building

Gain valuable professional skills that are not taught in traditional university coursework, including communication, leadership, and entrepreneurship.

### All at no cost!\*

Don't worry about the cost. We'll reimburse you for travel to and from the event and we'll take care of materials, lodging, and food while you're here.

\*Reimbursements up to \$600

## Apply and accelerate into your career!

Application opens February 1, 2020
